Likelihood of Withdrawing Troops From Rhine Looms

PARIS, Jan. 3.—Paris newspapers reported today that France has asked Great Britain if she would be willing to send troops to the German frontier, to replace French forces, in a case of war with Italy.

The newspapers Paris-Soleil and L'Express indicated the question was raised in discussions between the British and French general staffs, in which the two nations were considering how they would aid each other in the event of Italy attacking the British ships in the Mediterranean.

The French were represented as feeling if their aid was required by Britain in fighting off the Italians it would mean taking troops from the Rhine frontier to reinforce those along the Italian border.

This would weaken French defenses against Germany, from which the French fear there is danger because of Reichsführer Hitler's rearmament program.

No conclusion as yet has been reached in the Franco-British talks, Paris-Soleil said, the "principle" of the French contention "is admitted."

Premier Mussolini of Italy is being kept informed of this conversation, Paris-Soleil added, "since it depends upon only Italy to keep Germany peacefully in the future."

No Decision Yet On Aiding France

LONDON, Jan. 3.—Whether the British army is prepared to assist France with troops in the event of a border if France is called upon to aid the British in the Mediterranean has been under discussion today.

Authorities refused to discuss talks between members of the general staff of the two nations in Paris except to say they were strictly limited to the scope of the present situation. The officials, it was indicated, did not go into a hypothetical attack in the future.

NEW YORK, Jan. 3.—The exclusive source that supplies most of the Roosevelt family its sartorial accoutrements, chuckled today.

Jeaning the president will wear formal day attire while addressing a night session of the Senate.

"It is the sartorial in unbecomable," said a store official, "of course, circumstances might alter after cases, that is, it is not as busy as during the afternoon, but he won't change his attire in an emergency, but rationally he will not be correct."

# LINDY KEEPS OUT OF SIGHT

LIVERPOOL, Jan. 3.—The Charles A. Lindbergh departed for an unofficial destination today.

LIVERPOOL, Jan. 3.—Even the waterer who served the Charles A. Lindbergh there, the waterer who served the Lindbergh at the Adelphi hotel here failed to see him.

In the three days the Lindberghs and their men, Jan. stayed in the hotel, the waterer never caught a glimpse of them, he said today.

He appeared to leave the party on a table in the living room of the Lindbergh suite while the family remained in another room.

# ARMED BANDITS IN ROB BEER HALL

VANCOUVER, B.C., Jan. 3.—A man was being questioned by police today after two bandits, one armed with a pistol, held up a group of men in the Castle hotel beer parlor, Granville street, and escaped with an estimated sum of \$200.

Police believe the bandits hid in the establishment until the closing time for it was shortly after the four bandits had been locked in the room, the men made their appearance. The armed bandit held the four bandits at bay with the gun while the other scooped the money from the cash register.

Auto and Dogs Employed In Quest

By automobile and dog team, aid was being rushed today to the stricken family of Mr. and Mrs. T. Major, two of whose children are already dead, at their Saginaw Lake home.

With all airplanes in the district still held to the ground by low ceiling, the dog team, led by W. W. Cook, left by automobile today to reach the Major home, 100 miles south of here.

Dr. Cook's immediate destination was Grand Marais, Minn. From there he must travel by dog team across the Canadian border into the isolated rock and forest country where the Major home is located.

It was believed that Major, in starting out to the Major family might prove fatal for Mrs. Major who is seriously ill with what was believed to be a heart ailment. Meagre reports received here today told of the woman's illness and the death of two of her only children from the disease.

# Benito Defends Strong-Arm Methods to Crush Enemies

PREMIER CALLS ON 1,500 NEW PLANE PILOTS

By CHARLES H. GUTPHILL Copyright 1936, by Associated Press

ROME, Jan. 3.—Italy's Fascist party, glorifying force anew as the way to dispose of its enemies, summoned the people to meetings through out the kingdom today to hear officials repeat Premier Mussolini's speech of a decade ago, defending strong-arm methods to crush and destroy.

When two elements conflict and are irreconcilable, the solution is force," it said in the speech.

The premier then declared: "I alone assume responsibility for the Fascist policy of eliminating all opposition."

Informed sources said his attitude was the same today if criticism arose over the delay of the Fascist army on Ethiopian battlefronts in carrying out their campaign of conquest.

The vast Fascist party called its nation-wide meetings to observe the 10th anniversary of Mussolini's assuming the office of premier, which he regarded as marking a historic date—the beginning of the development of full Fascist power in Italy.

Today also marked the start of the fourth month of East African conquest.

# FISH EXPERTS ASSEMBLE TO AID CULTURE

Confab Reveals Queer Quirks in Canadian Propagation

By THOS. WATLING Exchanges to Fisheries Institute

OTTAWA, Jan. 3.—A high diving fish, driven from a speckling place into the Laurentian Lakes, arrived to become sporting fish, so the National Research Council on Fresh Water Fish was told today by R. W. Taylor, fisheries director of culture.

Only five per cent of the little fish crashed and failed to survive, though the plan called along 100 feet over water, 75 miles an hour and the diving fish were only 2 1/2 inches long.

Dr. A. H. Lein, director of the Atlantic Fisheries station at St. Andrews, N.B., reported greater losses, however, in transplanting fish in salmon rivers of New Brunswick. Sportmen coming to the market were disappointed, however, when salmon went up earlier in the year and fishing came in at an earlier date. For some unknown reason some rivers are "early run" and some "late run."

Dr. Lein tried to find the fish. He transplanted some fry from an Atlantic station to the St. Lawrence.

## Important Resolutions Face Local Council At Their Annual Meeting

Detailed reports by convenors and officers and by representatives of all societies affiliated with the Edmonton Local Council of Women will be heard at the annual meeting of the local council, arranged to be held in two sessions on Thursday, January 30. At the morning period, commencing at ten o'clock in the P.M. C.A. club room, accounts from the associated groups will be given. The afternoon session will be held at 2 o'clock prior to the afternoon program which will include the hearing of statements from officers and convenors of adding committees voting on resolutions and election of officers. Resolutions to be considered are:

### ARE POCKETS SUBSTITUTE FOR MITTENS?

Preparing to leave the humble little dwelling where she had come to cheer and comfort, the social worker was beginning to don her customary things when the four-year-old son of the house hugged her impulsively at her skirt.

"Please give me your gloves," he begged. "But I've got my hands with me and you wouldn't want that to happen, would you?"

Carefully considering this answer the small child looked at her very gravely before replying: "But you got pockets, didn't you?" This little story comes from Mary Mission workers who remind citizens that they have exposed to the bitter cold of Alberta winters need more than pockets to protect them.

Balancing in an effort to cast a happier light on the rather bleak outlook for the New Year that frost-washed grounds, frozen crops and illness early ravaged in cutting country districts, the mission is sponsoring a grand " mitten drive" campaign, to participate in.

Every Edmonton citizen is invited to join in extending "mitten knitting" campaign, to participate in. In so doing the citizens are helping to keep the business life of the city from being brought to a standstill by the cold weather.

This, then, is an answer to the problem "how to use spare time constructively" for each pair of bright wool gloves means one more chubby finger against the cruelty of frost bite.

Knit a pair today and send them to Home Mission at 10319 101st street, telephone 22018.

## Skip Of All Northern Curlers

Never yet have the sudden moods of January during its most ill-tempered week discouraged the members of the Northern Alberta Women's Curling association, and although it might be easy to predict, right now, that the week of their annual bonspiel, scheduled to commence on Tuesday, January 21, will be the coldest of the winter, members are optimistic about holding the bonspiel and their players from the Granite Curling club, won the Grand Challenge.

This year heavy entries are anticipated, with representation from several of the town's curling clubs, as well as from the Edmonton rink. Drawings will be made on Tuesday morning.

Mrs. H. S. EMPAY, president of the association, and a member of the Granite Curling club, will be in charge of the bonspiel, which is to be held at the annual banquet arranged in connection with the bonspiel for Wednesday evening of that week.

Children in orphanages ENTERTAINED

Little children in the various orphanages of Edmonton and district were a very delighted and appreciative audience recently at an amusing matinee presented by "Pop" Ried, and members of his company.

The New Empire theatre, under the auspices of the Edmonton Social Credit Club. An evening performance, a repetition of the matinee, was given by the company.

The club wishes to extend thanks to the various business firms in the city whose contributions made it possible to provide seats, nuts and oranges for the children.

Santa Claus was reported to have kept a record of attendance for the year and after distributing sweets and nuts to each child awarded to him, he was ready to retire.

James McKinnon, special prizes, Bibles, for perfect attendance.

## Bonspiel Commences January 21

Never yet have the sudden moods of January during its most ill-tempered week discouraged the members of the Northern Alberta Women's Curling association, and although it might be easy to predict, right now, that the week of their annual bonspiel, scheduled to commence on Tuesday, January 21, will be the coldest of the winter, members are optimistic about holding the bonspiel and their players from the Granite Curling club, won the Grand Challenge.

This year heavy entries are anticipated, with representation from several of the town's curling clubs, as well as from the Edmonton rink. Drawings will be made on Tuesday morning.

Mrs. H. S. EMPAY, president of the association, and a member of the Granite Curling club, will be in charge of the bonspiel, which is to be held at the annual banquet arranged in connection with the bonspiel for Wednesday evening of that week.

Children in orphanages ENTERTAINED

Little children in the various orphanages of Edmonton and district were a very delighted and appreciative audience recently at an amusing matinee presented by "Pop" Ried, and members of his company.

The New Empire theatre, under the auspices of the Edmonton Social Credit Club. An evening performance, a repetition of the matinee, was given by the company.

The club wishes to extend thanks to the various business firms in the city whose contributions made it possible to provide seats, nuts and oranges for the children.

Santa Claus was reported to have kept a record of attendance for the year and after distributing sweets and nuts to each child awarded to him, he was ready to retire.

James McKinnon, special prizes, Bibles, for perfect attendance.

# ALBERTA POWER CO.

## Levy on Calgary Power Company Equipment rooms

Commissioners Sit as Court of Revision on Property Assessment Appeals At City Hall Thursday.

Question of whether the city has the right at the present time to assess power line equipment of Calgary Power Co. is being discussed by commissioners sitting as a court of revision on property assessment appeals at city hall Thursday. This matter was finally referred to City Solicitor Thos. Garvie for a ruling on the legality of such a step.

The court is composed of Mayor J. A. Clarke, chairman, Commissioner David Mitchell and Commissioner R. J. Gibb.

**TIME TO REMOVE**  
Thomas Walker, city assessor, introduced the question of an assessment on the Calgary Power to cover power line towers and other outside equipment on city-owned property. Such equipment was not assembled under the former agreement between the city and company and under an arrangement made full the company was given "reasonable time" to remove its power equipment. Questions to be determined are whether an assessment is justified and what value of the equipment if it is not in use.

Assessment of \$114,000 placed on the parking, plant building, Gainer's Ltd. was confirmed by the court. The company has agreed to a reduction in this figure owing to the fact that the building had not been completed.

**THEATRE APPEAL**  
The result of the assessment on the Empire Theatre building, 103 street, was set over until Monday. Appeal against the building cost was equated as far as its use as a legitimate theatre is concerned. It was not found to be inadvisable to talking picture equipment but the value was reduced to \$25,000.

The Hudson Bay Company's appeal on its Jasper Avenue store property was laid over until \$4,000 on its Glenora residence.

**DEBT REFUNDING TO BE DISCUSSED**  
Refunding of Alberta's public debt, will be taken up with Hon. C. A. Dunning, Dominion minister of finance, at a conference of provincial treasurers, to be called by the next future Hon. Charles Coughlin, Alberta treasurer, slated on Friday.

The Minister said that at the recent Dominion-provincial conference at Ottawa, it was arranged that the various treasurers would meet at a later date with Hon. Mr. Dunning to discuss their financial problems.

While no date had been set for the meeting, the Minister said he expected it would be some time next week when the returns of the most important would be one of the most important on his agenda.

**PLANE TO BRING RICH FUR CARCO**  
Hoping to catch a bullwhip winter, northern traders limited are rushing their valuable fur carco civilization by airplane. Pilot Matt Berry, of Canadian Airways, left for Edmonton Thursday morning, headed for Alkivik to handle the "Traders' annual charter flight." On his last flight, Berry will pick up the precious cargo at all winter posts operated by the company. Canadian Airways officials were on the ground Friday morning just when he would reach Alkivik.

**Two Resign From City Relief Work**  
Two staff changes in the investigation branch of the direct relief department were announced Friday by Relief Manager H. F. McKee. Edith Peck, who had been assigned as inspector, has resigned to take a position with the Soldiers' Civil Control Administration. Helen Nichols, also a clothing inspector, has left the civil service to be married. They will be replaced by Miss Bertha Ford, a former relief department, and Mrs. Louise McInnes.

**FOR-Y-NINERS PLAN REUNION FOR SATURDAY**  
Centralization of the administration of schools by organizing 43 divisions headed by divisional boards of five who would control operation of schools, employing and placing of teachers and levying of taxation in municipalities is proposed by Premier Aberhart.

The present 3,232 local school boards would continue in existence but they would be "reorganized" to the effect that the 43 divisions would be created. The plan is a "one-man" system where the divisional boards would control the schools.

## SNOW, RAIN VISITS U.S. WHEAT BELT

### Moisture Creates the Best Prospects for Wheat Crop in Four Years

KANSAS CITY, Jan. 3.—Snow and rain in the grain-growing states boded wheat prospects generally last night.

The year started with light snow or rain over the whole belt except the extreme western parts of Nebraska, Kansas, Oklahoma and Texas. Moisture was needed badly by a struggling crop in much of the area.

Snowfall ranged up to eight inches in northwestern Kansas and northwestern Missouri.

**DUST IS SETTLED**  
Dust, which had begun to blow again in western Oklahoma, was settled by light rain and snow. In the so-called "dust bowl," much of the moisture had been lost to the winds, but the rain and snow, which fell in the wheat belt, was a big help.

Light snow in central and eastern Nebraska brought from crop experts a warning that the year would be a good one for wheat in western Nebraska.

**MORE IS NEEDED**  
P. H. Stewart, Nebraska university agronomist, said more moisture is needed. "We haven't yet received completely from the 1934 drought."

Rain and snow in Minnesota and the Dakotas fell on frozen soil, generally, and was of no particular benefit to the wheat, said Dr. Andrew Ross, university of Minnesota agronomist.

## CALGARY GETS INTEREST CUT

CALGARY, Jan. 3.—The city of Calgary received a New Year's gift Thursday, its bankers, the Bank of Montreal, advised Mayor Andrew Davidson that agreement had been reached to reduce interest on current borrowings and waterworks debentures on annual saving of \$150,000. Interest on current saving of \$150,000 has been reduced from five per cent to four and one-half per cent and on the \$1,250,000 waterworks debentures from five and one-half to five per cent.

## UPPER THAMES FLOODS CAUSE HEAVY DAMAGE

Hundreds Are Left Homeless in Worst Inundation in Years

LONDON, Jan. 3.—The worst flood in recent years sweeping through the upper Thames valley last night left hundreds of persons homeless and caused property damage estimated at several million dollars not far from the environs of London.

At Teddington the river rose to nearly 40 feet during the last 24 hours and residents were being removed by police and firemen in boats from their homes on the flooded streets.

After several days continuous rain the weather cleared a few hours Thursday but falling waters last night swept new fears of additional precipitation.

Rail traffic on the Great Western Railway's main line to the west was diverted while emergency workers attempted to reinforce a large bridge in Wilton carrying the Devises-Salisbury road over the tracks. The bridge has threatened to give way.

**RENNEFS**—Flooded Jan. 3.—Serious damage was caused throughout Brittany last night as the Rance and Ille rivers overflowed and flooded farms, villages and towns with several feet of water.

Roads in this district were blocked and many persons were driven from their homes.
